 $DFN = Departure \ from \ normal.$  Weather summary provided by the Southern Regional Climate Center, https://climdata.srcc.lsu.edu.

### **REPORTERS COMMENTS, By County**

Reporters are from Extension Service (Ext), Natural Resources Conservation Service (NRCS), Farm Service Agency (FSA), Conservation District (CD), farmers, commodity specialists, or other knowledgeable individuals.

#### **Broome County; Maria Heath:**

Most corn just starting to dent.

#### Cayuga County; Colleen Cargile, Cayuga County FSA:

Warm and dry weather stuck around for the entire week. Supposedly, this was the longest stretch of dry weather in 14 months! Many producers finished up 4th cutting this week and are now getting ready to chop corn. Many of the soybeans are now beginning to drop their leaves and some of them should be ready to harvest very soon. A lot of winter wheat also got planted this week. Apple harvest is also well underway. The apples are doing very well this year; they have wonderful flavor and are very large in size. Hopefully this summer-like weather holds on for a little while longer.

#### **Cortland/ Tompkins Counties; Jennifer Doty:**

Nice stretch of weather had hay equipment pulled back out for another field or two. Corn equipment is ready and waiting, some fields have been opened. Soybeans in various stages.

## **Delaware County; Mariane Kiraly, Cornell Cooperative Extension:**

It's very dry.

#### Genesee/ Niagara/ Orleans Counties; Nathan R Herendeen:

Wheat planting started and is proceeding rapidly. Excellent conditions. Hay and hay crop silage harvest continuing. Corn silage harvest started. Manure application on wheat stubble fields. Cover crop planting continues.

#### **Livingston County; Dean R Pendergast:**

Crops advanced well with some good heat units later in the week. Winter wheat planting is in full swing.

## Ontario County; Joann Rogers, County Executive Director FSA:

Ontario County continues with fruit and vegetable harvest, with a limited corn silage harvested. Fall tillage continues and the planting of winter wheat and other small grains has started.

#### Oswego County; Ellen deMey:

Warmer weather over the weekend helped dry the ground up. Farmers are still trying to make dry hay while corn harvest has just begun. Onions have been pulled and will soon be collected and stacked for drying.

#### **Suffolk County; Alice V Wise:**

Harvest continued this week in Long Island vineyards with the first blocks of Sauvignon Blanc making it to the crush pad. The warm, dry weather has been ideal for fruit quality.
