Week ending November 24, 2019

*Issued weekly on the internet, April - November
by the Northeastern Regional Field Office of NASS*

nassrfooner@nass.usda.gov
Released November 25, 2019

According to the National Agricultural Statistics Service in New York, there were 3.5 days suitable for fieldwork for the week ending Sunday, November 24, 2019. Topsoil moisture supplies were 1 percent very short, 4 percent short, 39 percent adequate, and 56 percent surplus. Subsoil moisture supplies were 1 percent very short, 1 percent short, 44 percent adequate, and 54 percent surplus. Pasture conditions ranged from 19 percent very poor, 11 percent poor, 21 percent fair, 28 percent good, and 21 percent excellent.

Soil Moisture for Week Ending November 24, 2019 (in percent)

Item	Very Short	Short	Adequate	Surplus
TOPSOIL	1	4	39	56
SUBSOIL	1	1	44	54

Crop Conditions as of November 24, 2019 (in percent)

REPORTERS COMMENTS, By County

Reporters are from Extension Service (Ext), Natural Resources Conservation Service (NRCS), Farm Service Agency (FSA), Conservation District (CD), farmers, commodity specialists, or other knowledgeable individuals.

Cayuga County; Colleen Cargile, Cayuga County FSA:

Mild and dry weather has allowed many acres to be harvested this week. Most of the soybeans in the county have been harvested at this point, but there are still some fields standing here and there. It finally seems like producers are putting a dent in all of the corn acres that were still standing. I saw many combines out harvesting this week. However, many producers say that harvest is slow because it is taking so long to dry the corn down. Hopefully this stretch of nice weather lasts a little bit longer to allow everyone to finish up with harvest.

Genesee/ Niagara/ Orleans Counties; Nathan R Herendeen:

Some grain corn and some soybean harvest under wet soil conditions. Last week's snow melt made soils and subsoil wetter. We need a hard freeze before the next snowfall!!

Livingston County; Dean R Pendergast:

Corn harvest is progressing well but moisture levels are above average for this time of year. There are still soybeans in the field to be harvested.

Ontario County; Joann Rogers, County Executive Director FSA:

Ontario County continues with the fall harvest of corn for grain, with a few soybeans still need to be harvested.
